Personal Data	**Telephone No:** +254798813315/ +254740135389 **Email:** muragegideon2000@gmail.com **Nationality:** Kenyan **Github link: https://github.com/GidyMane**

Profile	As a dedicated and highly skilled software engineering student at KCA University, I am thrilled to express my strong interest in securing a position that allows me to leverage my technical competencies. With a knack for problem-solving and a track record of successfully delivering software solutions, I am confident in my ability to make a meaningful contribution in a professional setting. In addition to my technical aptitude, I possess excellent communication skills, thrive in collaborative team environments, and pride myself on punctuality and reliability. I approach tasks with flexibility, adapting to the evolving demands of the workplace. My unwavering commitment to professional growth drives me to stay current with the latest industry trends and technologies. I am genuinely excited about the opportunity to contribute to an organization's success while honing my skills and knowledge. This aligns perfectly with my aspirations, and I am eager to leverage my capabilities and enthusiasm for learning in support of the organization's mission.

Education		
2019 – 2022	**Bachelors of Science in Software Development** In-Progress KCA University.	
2015 - 2018	**Kenya Certificate of Secondary Education (KCSE)** Nyahururu High School Grade B	
	Kenya Certificate of Primary Education Nyandarua Boarding Primary School. 387 marks KCPE	
2004 -2014		

Professional Qualifications	✦ September 2023- ongoing Software Engineering course
	✦ January 2021 – April 2021 – Certificate in Web Development – KCA UNIVERSITY
	✦ April 2019 – Computer "As a dedicated and highly

Professional Skills	✦ Strong problem-solving and decision-making skills, with the ability to quickly adapt to unexpected changes
	✦ Excellent planning and organizing abilities, with a focus on analyzing and prioritizing tasks
	✦ Professional communication skills, both verbal and written, with the ability to effectively report research results
	✦ Proficiency in software development and debugging techniques, with the ability to learn and adapt to new technologies quickly
	A competent team player with the ability to work effectively in a team
	✦ environment
	Attention to detail and accuracy, with a focus on meeting deadlines
	✦ Strong ability to analyze and prioritize tasks in order to effectively meet project goals
	✦ Passion for software engineering and a desire to stay up-todate with the latest industry trends and technologies.

Languages, Frameworks, And Technologies.	✦ Python
	✦ React
	✦ Javascript
	✦ html
	✦ Cloud Computing
	✦ CSS
	✦ Assembly Language
	✦ React Native
	✦ MySQL
	✦ PHP
	✦ PostgreSQL
	✦ Data analytics
	✦ Machine learning
	✦ Tailwind and Bootstrap
	Flask Framework
	✦

Work

February 2023- July Volunteer and Attachment at State Department Crops

✦ Attached to state department crops from February to May 2023. During the period, I provided I.T support services at Kilimo House.

✦ Worked on the Unga subsidy programme, computing data for different companies that provided subsidized unga to the country under the supervision of my supervisor.

✦ Played a big role during the subsidized fertilizer programme. Working in the call center to help farmers in the registration process and retrieval of their e-voucher numbers.

✦ Helped general staff with network problems, printer fails, Microsoft Excel, and all other I.T related problems

✦ Developed a simple login system for visitors and staff at Kilimo House.

AND

Experience

October 2022- Build Crystal Interior Decor and Cleaning Service Website

✦ Developed and hosted a website for Crystal Interior Decor and Cleaning Service
✦ The website serves as an advertisement and provides contact details for the business
✦ The website is responsive and can be accessed from any device
✦ The website allows users to make inquiries, book/schedule appointments, send emails, and make calls or send WhatsApp messages directly from the website
✦ The website is designed to be user-friendly and easy to navigate

https://crystal-interior.co.ke/

May 2022 - Volunteered in building KCA university SDA Website.

✦ Developed a website for members of the Kcausda church to access updates and events
✦ Created a feature on the website that allows users to access media files, such as YouTube videos and SDA church quarterly lessons, directly from the website
✦ Implemented a system for users to contact the church through the website's backend
✦ Designed the website to be userfriendly and easy to navigate, with a focus on providing relevant information and resources to members of the church.

https://kcausda.org/

Additional Information	**Hobbies and Interests**
	✦ Reading scholarly publications and articles to stay up-to-date with developments in the field of software engineering
	✦ Traveling and exploring new cultures and places
	✦ Participating in charity and community work to give back to the community
	✦ Socializing and networking with peers and colleagues in the software engineering industry
	✦ Listening to music as a way to relax and unwind after a long day of work
	✦ Participating in online communities and forums for software engineers to share knowledge and learn from others in the field
	✦ Attending industry events and conferences to learn about new technologies and techniques in software engineering.
